The Unit Leader's Role

The Unit Leader's role is critical to the success of the youth leader in implementing the unit's goals. The Unit Leader must approve the youth's application.

How is the course set up?

At NYLT, a temporary training unit is formed and is used extensively throughout the training. Patrols are on their own to set up campsites, cook some meals and carry out other activities without direct adult supervision. An experienced youth guide is assigned to each team, to advise and be a resource to the participants throughout the learning process. The patrol setting provides an opportunity for participants to practice the newly learned skills. Course instructors will help guide this learning. The training guidelines and rules are the same for those found in the Scout Oath and Law, the Outdoor Code, and other national and council practices and procedures.
